# Statement of Accomplishment

## ROBERT SCHNIBBE

HAS SUCCESSFULLY COMPLETED THE UNIVERSITY OF ALBERTA'S ONLINE OFFERING OF

### Dino 101: Dinosaur Paleobiology

This undergraduate course teaches a comprehensive overview of non-avian dinosaurs covering anatomy, eating, locomotion, growth, environmental and behavioral adaptations, origins and extinction.

A handwritten signature in black ink, which appears to be 'P. Currie', is positioned above a horizontal dotted line.

PHILIP J. CURRIE, MSC, PHD, FRSC  
PROFESSOR AND CANADA RESEARCH CHAIR, DINOSAUR  
PALEOBIOLOGY  
UNIVERSITY OF ALBERTA
